B725
NEW GRADE 5

A GENTLEMEN SHOTGUN

The man who painted the Mona Lisa once said: *"Details make perfection, and perfection is not a detail."* This quote perfectly describes the gunmaking masterpiece that is the B725 Grade 5. Its subtly crafted engravings are brought out to immaculate effect by the splendid grade 5 wood. Delivered in an Opaline case, the B725 Grade 5 is as effective as it is seductive.

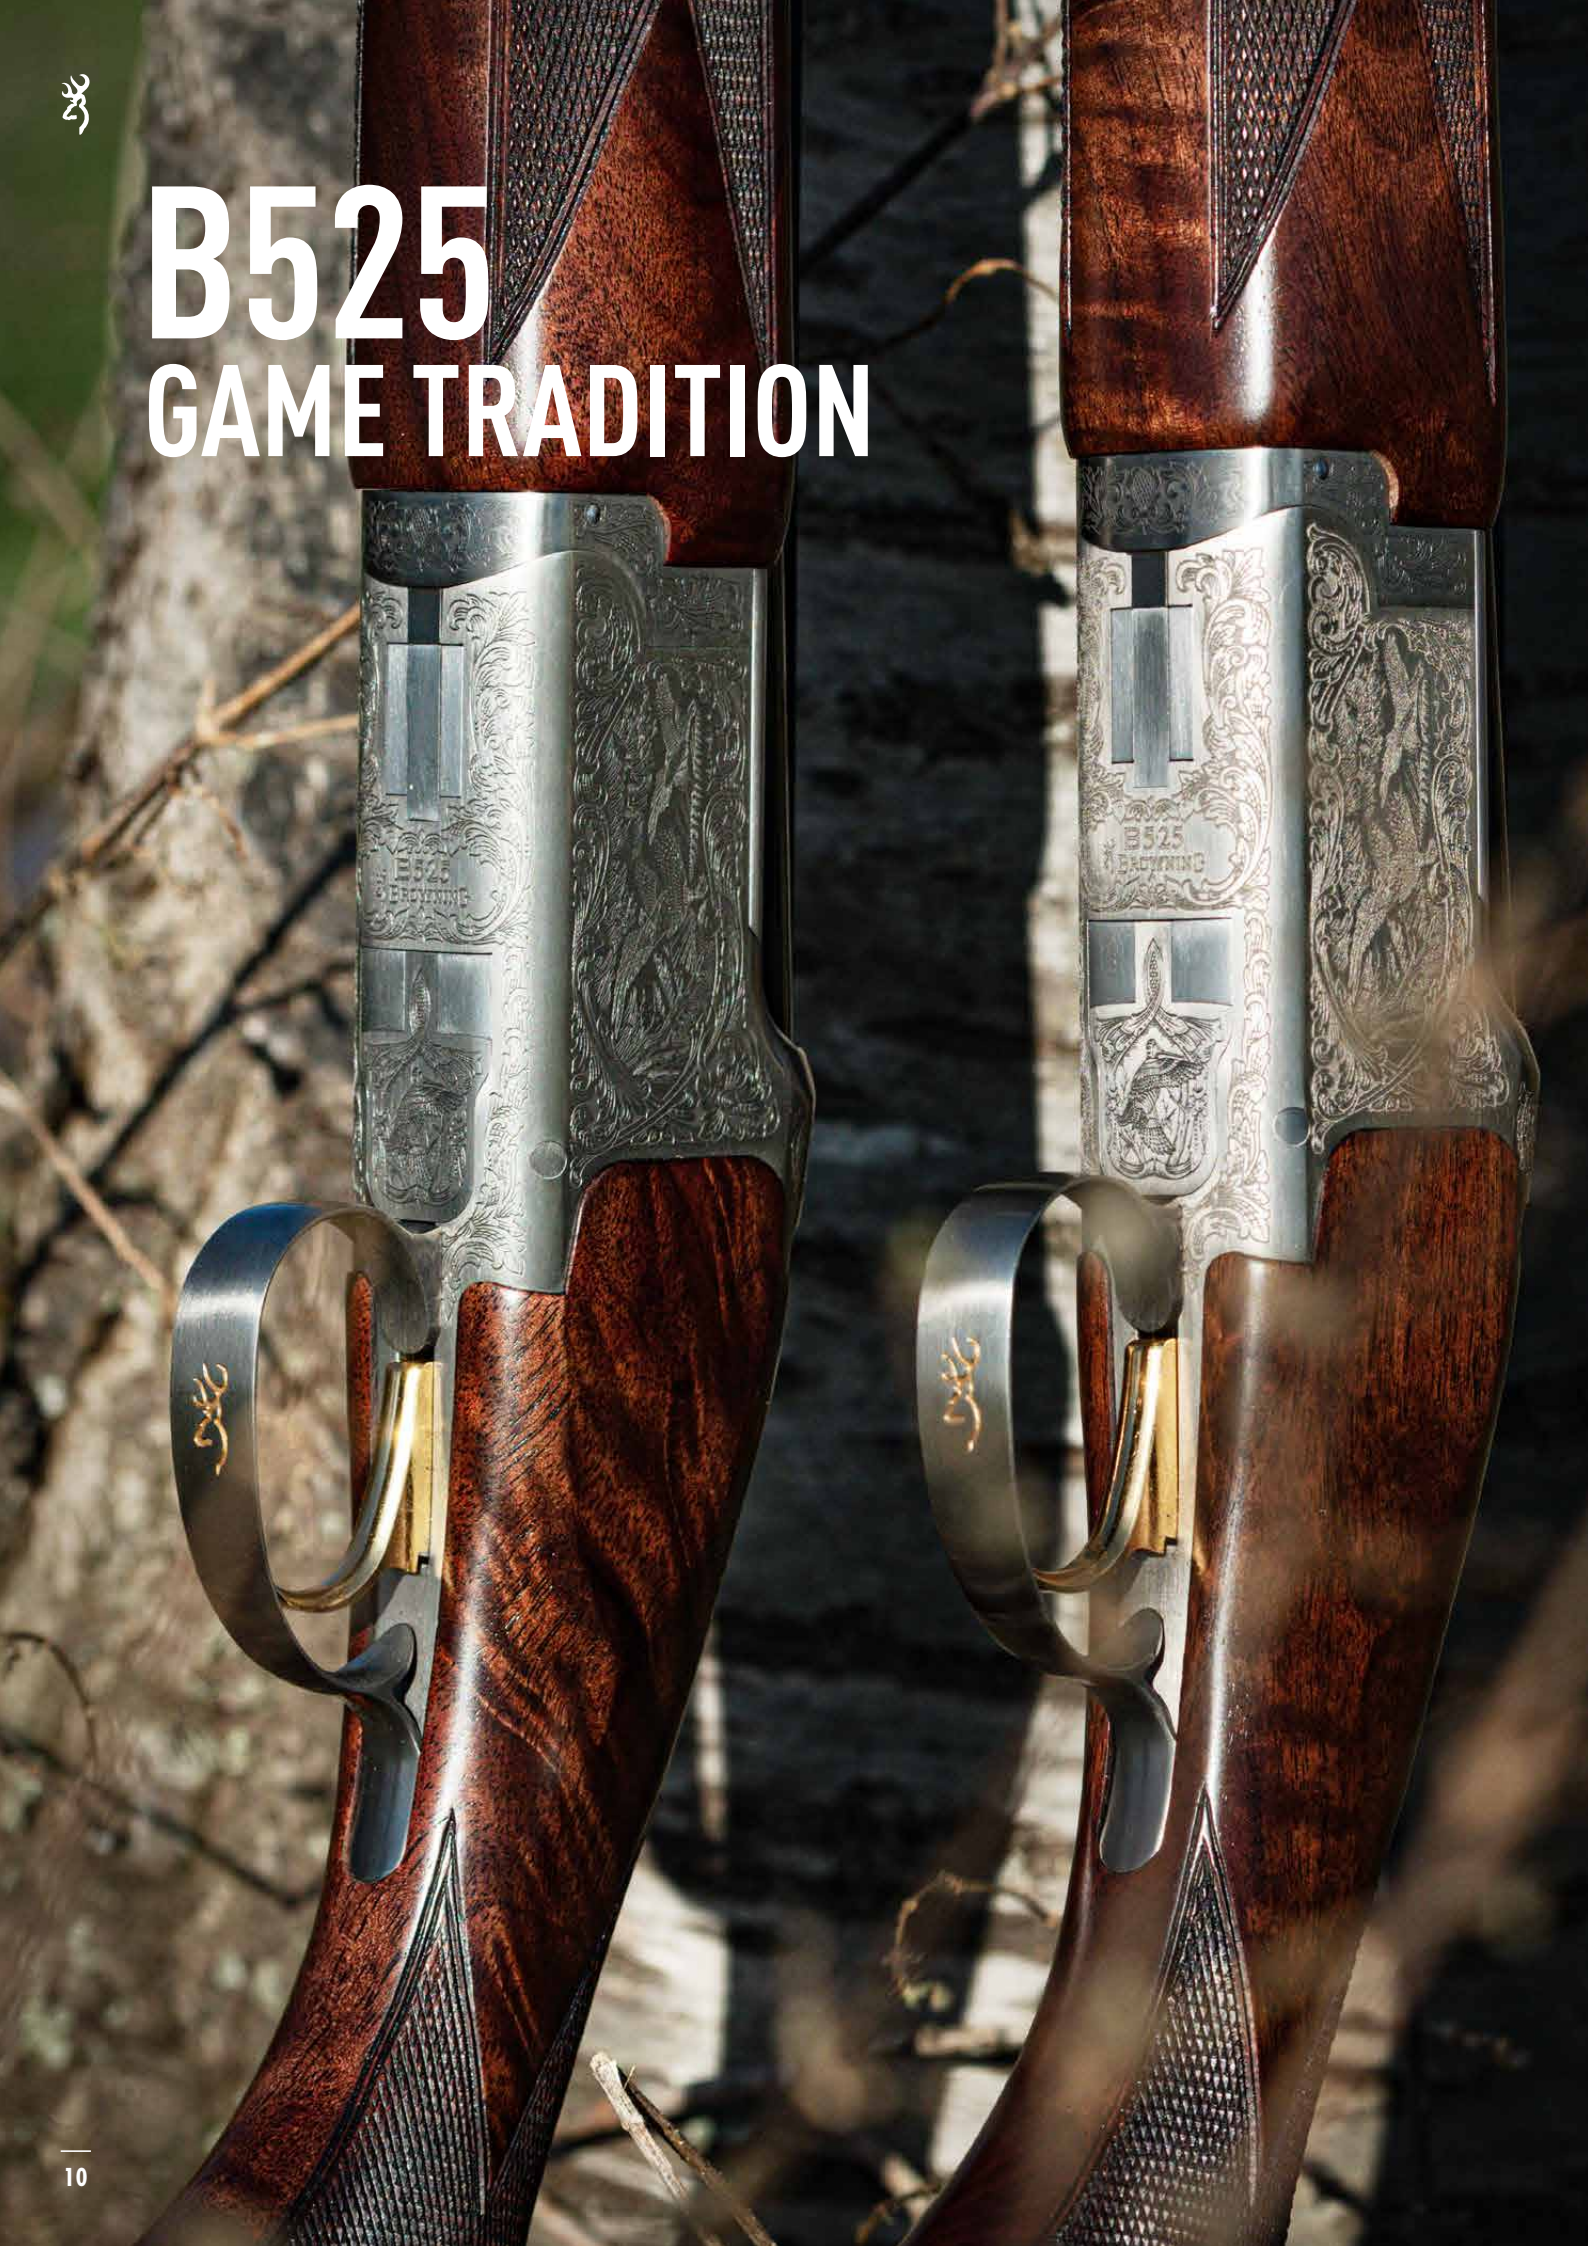
B525
GAME TRADITION



B525 GAME TRADITION 12M

A TRADITION OF EXCELLENCE

The B525 Game Tradition is available with either a steel or lightweight action frame, and features beautiful grade 5/6 oil-finished American walnut as standard that puts it in a class of its own.
The B525 Game Tradition and B525 Game Tradition Light are both available in 12M gauge and are steel shot proof as standard, and are supplied in an ABS carry case which includes a set of four Invector+ chokes.
Additionally, the B525 Game Tradition is fitted with auto safe as standard, however the 'Light' version is not. The auto safe can be removed if not required, or fitted if needed – simply advise us on ordering and our team of master gunsmiths will take care of it.

BROWNING - B525 GAME TRADITION

B525 SPORTER G3, ADJ

HAND-FITTED TO CREATE THE BEST THERE IS

The Browning B525 is not mass-produced. Each gun is individually made from its own unique components. This is the only hand-assembled gun at this price level to offer such a high performance level, making each shotgun truly one of a kind.

The key components (barrel, action frame, fore-end) are hand-fitted according to traditional methods (using red ochre) to make the Browning B525 the standard for shotguns. Each individual Browning B525 is manufactured and fitted with an attention to detail that is unique to each gun, just like the "Browning feel" you get when the gun shuts and locks.

Discover this new B525 Sporter model in an upgrade version with it's adjustable comb and tulip forearm

The NEW MK 38 TRAP GRADE 3 ADJUSTABLE, 12M / P 23

MK 38

GUNMAKING THE JAPANESE WAY

The MK38 is considered by many to be a reference in the sports shooting world. The MK38 S3 ADJ and MK38 T3 ADJ continue this reputation for excellence. The 4 Teague external chokes let you tailor your gun to the situation. The rib gives you an instinctive shot while the Pachymar pad absorbs the recoil.

MAXUS 2
COMPO ULTIMATE

THE DE LUXE VERSION OF THE NEW MAXUS2

The recoil is already renowned for being low, and has now been made that much gentler by the Reactar gel cheekpad. The stock is fully adjustable using the stock shim and insert set included in the delivery. The overmoulded grips and oversized bolt handle and trigger guard further enhance a gun defined by its intrinsic ergonomics.

Check out 2 additional exclusive models.

SXR² STRATA FLUTED

The SXR² has all the winning features you dream of. This reliable and accurate semi-automatic rifle is pleasant to shoot and very safe. Its slide catch lets you keep the breech open when you're not actually hunting. The Strata camo underlines the curves of a rifle that aims for ergonomics and performance.

PRODUCT PROHIBITED IN YOUR COUNTRY

- Short & Fluted barrel: 47cm (308, 30-06, 300 & 9,3x62)
- New battue rib and front fiber optic for quick target aquisition
